

Anti-Methylene diphenyl diisocyanate [DD10] Bulk size

[View Online](#)

Description: Recombinant monoclonal antibody to Methylene diphenyl diisocyanate. Manufactured using AbAb's Recombinant Platform with variable regions (i.e. specificity) from the hybridoma DD10.

Isotype and Format: Human IgG1, kappa

Clone Number: DD10

UniProt Accession Number of Target Protein:

Published Application(s): ELISA; WB

Published Species Reactivity: Species independent

Immunogen: Mouse serum protein conjugated with MDI.

Specificity:

Antibody First Published in:

Wisniewski AV, Liu J. Mol Immunol. 2013 Jun;54(2):233-7. [PMID:23295252](#) **Note on publication:**

Describes the production of six monoclonal antibodies directed against MDI, which could be developed into useful diagnostic reagents.

Product Form

This is a Bulk size product. Purified antibody in bulk size.

Purification: Protein A affinity purified

Supplied in: PBS only.

Storage Recommendation: Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

Concentration: See vial label

Product Code: Ab00504-10.0-BT

Human IgG1

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
