

Anti-Keratin 17 [A4] Bulk size

[View Online](#)

Description: Recombinant monoclonal antibody to Keratin 17. Manufactured using AbAb's Recombinant Platform with variable regions (i.e. specificity) from the scFv A4.

Isotype and Format: Mouse IgG1, kappa

Clone Number: A4

UniProt Accession Number of Target Protein:

Published Application(s): ELISA; WB; IHC

Published Species Reactivity: Human

Immunogen: Human keratin-17.

Specificity: Binds specifically to human keratin, no observed crossreactivity.

Antibody First Published in:

Wang et al. Archives in Dermatological Research 2004; 296(6):270-277 [PMID:15340746](#) **Note on**

publication: Describes the use of a semisynthetic phage antibody library to generate antibodies against human keratin.

Product Form

This is a Bulk size product. Purified antibody in bulk size.

Purification: Protein A affinity purified

Supplied in: PBS only.

Storage Recommendation: Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

Concentration: See vial label

Product Code: Ab00405-1.1-BT

Mouse IgG1

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
