

Anti-ROBO-1 [B2212A] Bulk size

[View Online](#)

Description: Recombinant monoclonal antibody to ROBO-1. Manufactured using AbAb's Recombinant Platform with variable regions (i.e. specificity) from the scFv B2212A. This antibody was created using our proprietary Fc Silent™ engineered Fc domain containing key point mutations that abrogate binding to Fc gamma receptors.

Isotype and Format: Mouse IgG1, [Fc Silent™](#), kappa

Clone Number: B2212A

UniProt Accession Number of Target Protein:

Published Application(s): ELISA; WB

Published Species Reactivity: Human

Immunogen: Human recombinant ROBO-1.

Specificity: The antibody binds specifically to the fn3-fibronectin domain of Human ROBO-1.

Antibody First Published in:

Ito et al. Clinical Cancer Research 2006; 12(11 Pt 1):3257-64 [PMID:16740745](#) **Note on**

publication: Describes the generation of monoclonal antibodies against new cell surface targets for treatment of hepatocellular carcinomas.

Product Form

This is a Bulk size product. Purified antibody in bulk size.

Purification: Protein A affinity purified

Supplied in: PBS only.

Storage Recommendation: Store at 4°C for up to 3 months. Note, this antibody is provided without added preservatives, it is therefore recommended this antibody be handled under sterile conditions. For longer storage, aliquot and store at -20°C.

Concentration: See vial label

Product Code: Ab00398-1.4-BT

Mouse IgG1

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
