

Anti-CD32 [AT130-5] Standard size

[View Online](#)

Description: Recombinant monoclonal antibody to CD32. Manufactured using AbAb's Recombinant Platform with variable regions (i.e. specificity) from the hybridoma AT130-5.

Isotype and Format: Rabbit IgG, kappa

Clone Number: AT130-5

UniProt Accession Number of Target Protein:

Published Application(s): IHC

Published Species Reactivity: Mouse

Immunogen: CD32-rat CD4 domain 3/4 fusion protein.

Specificity: Binds specifically to mouse CD32.

Antibody First Published in:

Williams et al. European Journal of Immunology [PMID:22760702](#) **Note on publication:** Describes the generation of three monoclonal antibodies against the inhibitory Fc gamma receptor II.

Product Form

This is a Standard size product. Purified antibody.

Purification: Protein A affinity purified

Supplied in: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C.

Concentration: See vial label

Product Code: Ab00287-23.0

Rabbit IgG

Important note - This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
