

Anti-CDYL [RAB-C292] Standard Size Ab01757-1.29

This is a Fab fragment with a his-tag.

This chimeric mouse antibody was made using the variable domain sequences of the original Human Fab format, for improved compatibility with existing reagents, assays and techniques.

Isotype and Format: Mouse Fab fragment, His-Tagged, Kappa

Clone Number: RAB-C292

Alternative Name(s) of Target: Chromodomain Y-like protein; anti-CDYL-RAB-C292; CDYL-A002-1307

UniProt Accession Number of Target Protein: Q9Y232

Published Application(s): IP-MS, IF

Published Species Reactivity: Human

Immunogen: This antibody was obtained by recombinant antibody (rAb) phage display recognizing CDYL protein under non-denaturing conditions.

Specificity: This antibody recognizes CDYL (Chromodomain Y-like protein). It binds to a folded domain, amino acids 338-598.

Application Notes: This antibody has been used and recommended for the following methods: IP-MS; IF.

Antibody First Published in: [PMID:](#)

Note on publication: More information on this antibody can be found on the website of the [Recombinant Antibody Network](#).

Product Form

Size: 100 µg Purified antibody.

Purification: Purified by Immobilized Metal Affinity Chromatography

Supplied In: PBS with 0.02% Proclin 300.

Storage Recommendation: Store at 4°C for up to 3 months. For longer storage, aliquot and store at -20°C.

Concentration: 1 mg/ml.

Important note – This product is for research use only. It is not intended for use in therapeutic or diagnostic procedures for humans or animals.
